ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 percent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 percent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL — IT PAYS.**
2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**
3. Valuation placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin — instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

IS THIS YOUR FIRST AUCTION CATALOG?

22nd EDITION (1969) GUIDE BOOK, PAPER MONEY 6th EDITION "TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOT ETHAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins; unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots," yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 percent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

PATTERN CENTS

- | | |
|---|--------|
| 1. 1854 J-161, Liberty Head in plain field, GLITTERING REDDISH-BLUIISH-BROWN PROOF. Rare so choice! | 150.00 |
| 2. 1858 J-204, Small flying eagle, oak wreath with broad ornamental shield, GLITTERING GOLDEN PROOF WITH WIRE EDGE. 1965 Catalog value of \$225; probably now worth closer to | 300.00 |
| 3. 1858 J-208, Popular "TRANSITIONAL", regular Indian obverse and reverse as issued in 1859 for circulation, Brilliant with Wire Edge. We have handled circulated specimens over the years; a fact which lends credence to the belief of many authorities that this deserves the same status as the 1856 flying eagle cent. It is much rarer than the 1856. The 1965 catalog lists it at \$450; we have since seen it valued \$500 to | 600.00 |
| 4. 1858 J-212, Regular obverse and reverse of 1860 except the shield is different, GLITTERING GOLDEN PROOF. Catalogs \$450 in 1965 catalog; should now exceed | 500.00 |
| 5. 1863 J-299, Regular obverse and reverse of 1864 Bronze without "L", GLITTERING RED AND PURPLE PROOF WITH WIRE EDGE. Popular TRANSITIONAL. Catalogs \$500 in 1965 catalog; have seen it since valued at | 600.00 |
- | | |
|---|----------|
| 6. 1865 J-406, Regular dies STRUCK IN NICKEL, (thin planchet), bluish brown. VERY RARE! Catalogs \$750 in 1965; probably now worth closer to | 1,000.00 |
|---|----------|
- | | |
|---|--------|
| 7. 1866 J-456, Type 1864 thick copper-nickel, GLITTERING GOLDEN PROOF. Catalogs \$275 in 1965; probably now worth closer to | 375.00 |
|---|--------|
- | | |
|--|----------|
| 8. 1879 J-1583, From the Jan. 1962 F.U.N. Convention sale as: "Lot 1053 1879 Cent. Judd 1583. Regular dies struck in nickel. Kept with other Indian Cents and now turned a pleasing blue-brown color. Uncirculated (Ex Breen collection). ONLY 2 OR 3 PIECES STRUCK \$500. The owner paid \$365 for this coin at that sale seven years ago. Judging from the rise in value of patterns since then, we believe its present value to be over \$750; perhaps closer to | 1,000.00 |
|--|----------|

The 2c piece issued for circulation in 1864 bears the distinction of being the first coin to bear the motto (adopted by 25c, 50c, \$1 in 1866). Catalogs \$150 in 1965; should now exceed | 200.00 |
| 10. 1863 J-315, Small motto, closely resembles 1864 Small Motto with "CENTS" only slightly curved but motto is "GOD OUR TRUST", GLITTERING RED AND BLUE PROOF WITH HIGH RAISED EDGES. ONLY 4 TO 12 STRUCK. Catalogs \$250 in 1965; probably now worth over | 350.00 |

PATTERN GOLD COINS

- | | | |
|-----|--|--------|
| 50. | \$2½ 1867, J-595, Regular dies trial piece struck in copper, red and bluish PROOF. NOT PRICED IN JUDD DUE TO RARITY! WHILE JUDD LISTS IT AS RARITY 7 (only 4 to 12 STRUCK) evidently he could not find any records recent enough to be meaningful on which to base a valuation. This particular specimen was sold in a late 1964 sale (too late for inclusion in the 1965 Judd boook) where it was valued \$350; probably now worth over | 500.00 |
| 51. | \$5 1878, J-1574, Barber's Liberty Head with flowing hair, large erect eagle, struck on a broad thin planchet (to prevent hollowing out center and filling it with platinum) struck in copper, Brilliant red and bluish PROOF. Popular for "type". ONLY 4 TO 12 STRUCK! Cataloged \$225 in 1965; probably now worth over | 350.00 |
| 52. | \$10 1863, J-352, Regular dies with motto GOD OUR TRUST added above eagle, struck in bronzed copper. Cataloged \$100 in 1965; probably now worth around | 150.00 |

\$50 GOLD PATTERNS

- | | | |
|-----|---|--------|
| 53. | From a 1964 sale described: "\$50 Reverse, eagle with shield and rays but no lettering, struck in lead, incuse, uniface. LISTED IN JUDD page 236. UNIQUE. In plastic lettered "1877 \$50 REVERSE". Valued there \$500; probably now worth closer to | 750.00 |
| 54. | From the same 1964 salae described: "\$50 Reverse, standing eagle, copper plated tin. LISTED IN JUDD page 241. UNIQUE. In plastic lettered "EAGLE FOR SUGGESTED 1877 U.S. \$50 GOLD". Valued there \$500; probably now worth closer to | 750.00 |

EARLY SILVER U.S. DOLLARS

- | | | |
|-----|--|--------|
| 55. | 1795 B-4, Flowing Hair type (1794-95), very good obverse (spot — possibly from removal of solder), worn reverse with only part of eagle legible. Catalogs v. g. | 235.00 |
| 56. | 1795 B-1, Similar type but two leaves variety, extremely fine. Popular for type. | 650.00 |

- | | | |
|-----|---|--|
| 57. | 1796 B-5, Draped Bust, Small Eagle type 15 stars (states) (1795-96) variety with Large Date and Small Letters, UNCIRCULATED WITH ATTRACTIVE BLUISH PATINA. VERY RARE. We cannot find a record recent enough for a comparable specimen to be meaningful. Wayte Raymond (the leading authority in his day) some years ago expressed the opinion that the 1796 date was somewhat rarer than either of the 1795 major types. We note the choice Jaay specimen (auctioned by Stack's Oct. 27, 1967) of the 1795 of this type (draped bust) realized \$3,200.00. While this 1796 is not quite as choice, it is somewhat superior to those generally offered. Easily worth over 1,750.00 | |
|-----|---|--|

- | | | |
|-----|---|--------|
| 58. | 1797 B-1, 9 Stars left, 7 stars right, stars increased from 15 (1796) to 16 to signify Tennessee becoming the 16th state. While the Guidebook has failed to recognize this as a major type, other leading authorities feel the increased number of stars a major change justifying its acceptance as a separate "type". Just about fine (reverse is a nice sharp fine) but obverse has 2 or 3 weak stars. THE LOWEST ISSUE OF ANY YEAR 1795-1803! Catalogs low at | 300.00 |
| 59. | 1797 B-3, 10 Stars left, 6 stars right, extremely fine appearing, but close examination with a glass reveals a small clever repair. MINT FIGURES REVEAL THIS TO BE TWICE AS RARE AS THE 9X7 STARS VARIETY! Extremely fine worth \$750; what this specimen will realize is up to you, the bidder. | |
| 60. | 1799 OVER 93, B-3, Heraldic Eagle Reverse (1798-1803) variety with ERROR REVERSE DIE OF 15 STARS (first and last covered with clouds so that only the points show) extremely fine. RARE. Catalogs | 500.00 |
| 61. | 1799 OVER 98, B-2, normal 13 star reverse, bust and central portion of eagle fine, balance of coin very fine. SCARCE. Catalogs v.f. \$250; this worth about | 200.00 |

62. 1799 B-4, IRREGULAR DATE, 15 STARS REVERSE, UNCIRCULATED WITH SHARP STRUCK HAIR, STARS, EDGE, ETC! Lovely patina, several interesting obverse die breaks. We cannot find a record of a comparable specimen! If not actually the "FINEST KNOWN" then it is surely very close to it. This major variety has appeared less often than any of the other 1799 major varieties listed in the Guidebook! We note Kreisberg offers the "common variety" 1802 B-6 in Brilliant Uncirculated at \$1,250.00 on page 1190 of the August, 1968 Numismatic Scrapbook. This many times rarer 1799 B-4 worth well over 2,000.00
63. 1799 B-10?, Similar to B-10 but has projections from 2nd and 3rd right wing feathers and doesn't have the die breaks of B-10, glittering bluish Uncirculated, faint rub on high point of collar. The "commonest" variety 1799 catalogs \$650; surely this specimen worth closer to 1,000.00
64. 1800 B-14a, Dotted Date, near Uncirculated. RARE. Catalogs unc. 625.00
65. 1800 B-16b, Double Cut "T" in UNITED, just about very fine. SCARCE. Cat. 190.00
66. 1800 B-17, Only 12 Arrows, virtually Uncirculated, only barest friction. Catalogs unc. 625.00
67. 1800 B-18, "Comet" variety (die breaks thru clouds) bluish golden UNCIRCULATED. A CHOICE SPECIMEN FAR SUPERIOR TO MOST SEEN! Certainly as desirable as the Kreisberg 1802 B-6 Brilliant Uncirculated specimen advertised on page 1190 of the August 1968 Numismatic Scrapbook at 1,250.00
68. 1802 OVER 1, B-4, CLOSE DATE, re-engraved 8, only 12 arrows, BRILLIANT SLIGHTLY GOLDEN UNCIRCULATED, NICE SHARP STRIKE altho left stars do not have center points as do the right stars. VERY RARE (RARITY 5). The close overdate "type" is MANY TIMES RARER THAN THE WIDE OVERDATE. Kreisberg advertises the "common" 1802 B-6 (see above lot) at \$1,250; surely this VERY RARE VARIETY IN "CONDITION CENSUS" WORTH OVER 1,500.00
69. 1802 OVER 1, B-3, Wide Overdate, very fine. SCARCE. Seldom offered. 225.00
70. 1802 B-6, Close perfect date, extremely fine. Catalogs 425.00
71. 1803 B-4, Small 3, ONLY 12 ARROWS, extremely fine, some luster. SCARCE. Seldom offered. Catalogs low in Guidebook at only 425.00
72. 1804 Altered date, by some considered a classic along with the 1815 large cent, etc. Records of these 1804 dollars go back for nearly a century. Since "original" and "restrike" 1804 dollars have been the pinnacle aim of collectors for over a century, engravers have turned their hand to producing a "space filler". Some have been so good that it took a great deal of time and effort to prove that they were not produced at the mint (altho most we have seen over the 35 years we have been professionals can be readily determined by an experienced glance). This particular specimen seems to have been done by an experienced engraver who was also a numismatist. It took some effort to be absolutely sure. It is a nice very fine with a pleasing patina. According to the owner's records, he purchased this coin some years ago at \$500; we know of a specimen which has changed hands at \$1,000.00. What this specimen will now realize must be determined by you, the bidder.

1836 GOBRECHT FLYING EAGLE DOLLAR

73. 1835 Gobrecht's famous design (considered our most beautiful silver coin) Liberty Seated without drapery at elbow, plain field and no stars, date below, "C. Gobrecht" on base of Liberty; reverse Flying Eagle in field of 26 stars (states) of two sizes and "United States Of America One Dollar", plain edge. MAGNIFICENT GLITTERING GOLDEN PROOF WITH RAISED EDGE BOTH SIDES, a "GEM" except for a light line in the field. An unusual opportunity to acquire a choice specimen when one considers the fact that about 95% of the "Proofs" we have seen offered have some rubbing or friction — this specimen does not! VERY RARE SO CHOICE. One of the last acquisitions a little over two years ago when it was valued 2,000.00

1838 FLYING EAGLE HUB TRIAL

74. 1838 INCUSED HUB TRIAL of Flying Eagle in plain field (Judd 84), copper on large planchet, envelope marked "Judd plate coin; ex Lenox Lohr Coll.". There is also a penciled price of \$1,500.00. The regular 1838 Gobrecht dollar is listed in the Guidebook at \$3,750.00. What this unusual piece is worth is problematical.

LIBERTY SEATED, NO MOTTO DOLLARS 1840-1865

75. 1840 ORIGINAL PROOF WITH LOVELY PATINA, while not an absolute gem, yet it is superior to the very few similar type proofs we have seen in our 36 years as professional numismatists. For those who are not familiar with the difference between "original" and "restrike" proof dollaars of the 1840's and 1850's we call attention to the high wire edge and "deep" proof surface as well as the greater sharpness of impression of the "restrikes" which closely resemble the proofs of the 1860's. Breen in his monograph "Proof Coins Struck By The United States Mint 1817-1921" (Coin Collector's Journal 1953 published by Wayte Raymond) constantly refers to "original" and "restrike" dollars. We also have cataloged them in our sales both prior and since the 1953 Breen monograph. Why the Guidebook lists "original" and "restrike" proofs in the half cents and not in the dollars your guess is as good as ours. This particular specimen was acquired several years ago and was then valued 1,500.00
76. 1841 Appears to be an original PROOF that has been kept with other coins and acquired some minor handling marks. Catalogs 875.00
77. 1842 ORIGINAL PROOF which on close examination has just the faintest rub and pinpoint nick. RARE. Catalogs 875.00
78. 1843 Brilliant slightly golden Uncirculated, while not absolutely perfect it is somewhat superior to the great majority of "Uncirculated" specimens we have seen offered. The points of the stars are sharp as also are the claws of the eagle. A lovely specimen for "type" or date and easily worth 250.00
79. 1844 PROOFLIKE with golden patina. We had to look at this one rather closely before calling it prooflike rather than the full Proof for which acquired. A rare date in any condition but particularly so this choice! 500.00
80. 1846 ORIGINAL PROOF, bluish golden patina. Very close examination with a high n war glass reveals some pinpoint handling marks. RARE. Catalogs 775.00
81. 1846-O Extremely fine with some luster. Scarce. 100.00
82. 1847 PROOFLIKE with golden patina. Acquired as a full "Proof", and while at first appearance it appears to be a proof, close study of it makes us hesitate, therefore the term "prooflike". Some minute handling marks evident under a glass. A lovely specimen for "type" or date. Easily worth over 250.00
83. 1848 Uncirculated with attractive patina, usual "handling marks". These large coins were shipped in bags and acquired minor abrasions, hence the term "handling marks" or "bag marks". Perfect specimens are virtually impossible to find; only those with a varying amount of "handling marks" are available. SCARCE. Catalogs low at only 210.00
84. 1849 Near Uncirculated with luster. 100.00
85. 1850 BRILLIANT SLIGHTLY GOLDEN ORIGINAL PROOF altho it does have somewhat of a wire edge, some "handling marks" in the fields. VERY RARE. Catalogs 900.00
86. 1853 Uncirculated with golden patina, SHARP STRUCK WITH WIRE EDGE, very tiny edge nick but surfaces unusually free from the "handling marks" which plague these large coins! Easily worth over 350.00

87. 1855 PERFECT BRILLIANT PROOF WITH ONLY THE FAINTEST GOLDEN TONING, THE BUST AND EAGLE ARE "FROSTED" IN APPEARANCE: A NEEDLE-SHARP STRIKE! IT IS DIFFICULT FOR US TO IMAGINE A CHOICER SPECIMEN EXISTING OF THIS GREAT RARITY! Since this is the first year of "collectible proofs" in all series, there is an unusually strong demand for this date. A specimen changed hands in late 1961 at \$1,500.00. Whether this is that specimen or some other, we do not know. If this fantastic coin were in our stock, we would ask not less than 2,500.00

88.	1856 Uncirculated with bluish golden patina. Setting new records. RARE.	300.00
89.	1857 GLITTERING GOLDEN ORIGINAL PROOF. Evidently struck from a regular die which had seen service resulting in the head and stars not being full. When the order came in for the few proofs desired, this die was hurriedly polished and the proofs struck. Of course, it does not have the raised edge and other attributes which characterize the restrikes. Catalogs	725.00
90.	1858 GLITTERING BLUISH GOLDEN PROOF. The Guidebook lists ONLY 80 STRUCK. Catalogs	2,000.00
91.	1859 GLITTERING BLUE AND GOLDEN GEM PROOF! A REMARKABLE SPECIMEN. Research has indicated that proofs of this date are rarer than the later dates of which 500 or less were struck.	500.00
92.	1859-S Re-Engraved 18 in date, BRILLIANT UNCIRCULATED, however the obverse shows evidence of contact with other coins. RARE. The normal date variety catalogs \$300; surely this re-engraved date worth over	350.00
93.	1860 BLUISH GOLDEN PROOF, faint evidence of contact with other coins.	230.00
94.	1860-O Uncirculated slightly golden, two slight edge nicks.	90.00
95.	1862 GLITTERING BLUE AND GOLDEN PROOF WITH WIRE EDGE! A choice specimen of this rarity. The smallest total issue of any date 1853-1865!	450.00

LIBERTY SEATED, WITH MOTTO DOLLARS 1866-1873

96.	1866 PROOFLIKE, bluish golden. So choice it was acquired as a proof. VERY RARE THUS. In fact, rarer than the proof which catalogs	300.00
97.	1870-CC Uncirculated with golden patina, faint rub. RARE. Catalogs	475.00
98.	1872-S Near Uncirculated, tiny nick. Catalogs unc.	360.00

102.	\$20 1882 F-1177 Garfield, LARGE BROWN SEAL, new, crisp except for trace of old faint crease. VERY RARE "TYPE" note. BRIGHT COLOR. From a 1964 sale described as "ITS EXTREME RARITY WOULD PLACE IT IN THE \$5,000.00 CLASS if this were a legal or silver certificate. Since its rarity has not been publicized its value is nearer \$2,500.00." It is indeed rare, particularly so choice. There is no comparison in rarity of this note with F-1176, 1178 or even 1179!	
103.	\$20 1905 F-1180 Famous "GOLD BACKGROUND" note, the words "IN GOLD COIN" in gold ink at bottom, red seal, very good. SCARCE. Catalogs v.f.	450.00

1928 SMALL FEDERAL TYPE I — "GOLD" — NUMBER IN SEAL

One of the largest collections to appear in all our 284 sales. Some are appearing for the first time! Careful study of this series indicates many are rare with some extremely rare. We believe future references will reflect this rather than a theoretical listing primarily based on quantity issued — not on the exact knowledge of the specimens actually known to exist.

We quote from Robert Lloyd's "Federal Reserve Notes 1928-1950", the COIN COLLECTOR'S JOURNAL Jan-Feb. 1953, published by Wayte Raymond. "OF ALL OUR SMALL SIZED NOTES, THE BILLS OF THE FEDERAL RESERVE SYSTEM PROVIDE THE LARGEST NUMBER OF RARITIES! Happily most of these are in the lower denominations. The old National Bank Notes give us the most variety in the currency field, but collecting Reserve Notes makes up for the fewer items with definite listings with definite future appreciation possibilities." If this was true in 1953, how much more relevant it is today, 16 years later.

50C F-1330 — THE RAREST LISTED REGULAR FRACTIONAL NOTE

357. 50c F-1330. We are privileged to again offer this, "THE MOST DESIRED OF ALL FRACTIONAL CURRENCY NOTES!". The present owner acquired this outstanding rarity from our sale two years ago at \$2,100.00. It was described there as follows: "50c F-1330 Spinner, red reverse, autograph signatures **ALLISON & NEW, SUPERB! THE RAREST FRACTIONAL NOTE IN FRIEDBERG** with a price. Of the 24 notes (ONE SHEET) SAID TO HAVE BEEN ISSUED A CENTURY AGO, HOW MANY CAN STILL EXIST, PARTICULARLY SO CHOICE? Catalogs \$1,500 for "ordinary" new notes three years ago, surely this remarkably choice specimen now worth \$2,500.00". As stated, the owner acquired this note from that sale at \$2,100.00. Since then, Friedberg's sixth edition has been published (1963) advancing the theoretical value \$400.00. Ex. Wayte Raymond, who placed it at the top of desirability of all fractional. We believe this "King of fractional currency" to conservatively be worth a minimum of 2,500.00

TYPE I HALF DOLLARS, 1794-95

Flowing Hair, Small Eagle, 15 Stars (states). A quick glance at the small issue of 1794 reveals why so few are offered. Undervalued in keeping with its true rarity.

895.	1794 Overton 1, the only 21 berry reverse, just about the "very fine" for which acquired. Overton calls this variety "VERY RARE". The "commonest" variety of this date catalogs \$975; surely this "very rare" variety worth at least	1,250.00
896.	1795 Overton 30, A over E in STATES (corrected error in die), very good and sharp bust and eagle; date, stars, LIBERTY of obverse and legend and wreath of reverse fine to very fine, tiny edge nick. Overton says this variety is "VERY RARE". The "commonest" variety in fine catalogs \$275, surely this "very rare" variety worth at least	375.00

TYPE IV HALF DOLLARS, 1801-07

Type II is the 1796 15* and 1797 15*; type III is the 1796 16* (Tennessee became a state in 1796). The 1801 and 1802 are difficult to obtain in the better state of preservation.. The catalog values for "unc." are somewhat modest since specimens in this grade command somewhat higher prices, whenever they have been offered. Type IV has 13 * and Large Eagle.

898.	1801 Overton 1, acquired as "Uncirculated" but close examination with a glass reveals slight friction on highest points. VERY RARE SO CHOICE! The rarity of this date is attested to by the only one obverse and two reverse dies used; 13 arrows and 12 arrows. This is the 13 arrow reverse. A strictly uncirculated specimen would be an outstanding rarity and well worth \$2,500; this choice specimen worth around	1,200.00
899.	1803 Overton 6, Large 3, extremely fine. LOW ISSUE.	300.00
900.	1805 NOT IN OVERTON, clashed dies obverse, particularly evident thru top of date, incused star on Liberty's breast, Re-Engraved bottom of E in STATES, 5 berries, near Uncirculated with some luster. Acquired as "VERY RARE" at	500.00

TYPE V HALF DOLLARS, 1807-08

1431.	1793 S-9, WREATH, extremely fine with attractive even chocolate color. VERY RARE & CHOICE "TYPE" COIN.	2,000.00
1432.....	1793 S-13, LIBERTY CAP, fair (well worn but bust, Liberty, date, wreath identifiable) RARE. Catalogs	325.00
1433.	1794 S-24. The desirable "Full Cheeks" variety, virtually Uncirculated with attractive even chocolate color and smooth surfaces! A lovely "type" coin acquired as "FOURTH OR FIFTH FINEST KNOWN IN CONDITION-CENSUS". Dr. Sheldon lists condition 55 coins as 4th & 5th finest. Cost \$850 several years ago; probably now worth around \$1250 to	1,500.00

| <p>1434. 1796 S-88, LIBERTY CAP, accompanied by certificate from "INSTITUTE OF NUMISMATIC AUTHENTICATORS" as follows: 1796 Liberty Cap, Sheldon 88, The "Club Pole" type, with a small mint clip above LI. Obverse is better than VF with minor porosity (probably in original planchet), reverse is of EF sharpness, though the surfaces suggest a grade of 30-35. Whatever the final numerical grade, IT IS UNQUESTIONABLY THE SECOND FINEST KNOWN, Exceeded Only By The Sheldon (Proskey-Hines-Downing) piece, and markedly better than the other census examples. The owner has figured out a valuation of around \$2,000.00. Unfortunately, he is no longer available to provide us with the formula how he arrived at his value of "about 2,000.00".</p> |

CHOICE & RARE LARGE CENTS (Cont.)

1435.	1796 S-95, DRAPED BUST, Hyphenated 7-9 variety, probably the "10" coin in CONDITION-CENSUS (very good and sharp), the sharpness of a fine grade but the surface is rough. VERY RARE (RARITY 7 MIDDLE RANGE) WITH ONLY SEVEN OR EIGHT IN COLLECTORS' HANDS. A PRIZE INDEED! According to Dr. Sheldon's rules in his 1958 book PENNY WHIMSEY , this coin then (1958) would have had a value of \$10x10x2½ or \$250; with the more than doubling of values during the intervening 11 years, this RARITY should now have a value of over	500.00
1436.	1796 S-101, Draped Bust, double leaf under "O", probably the "15" (fine and sharp) coin in CONDITION-CENSUS rather than the "20" (very fine) coin in CONDITION-CENSUS for which acquired. VERY RARE (RARITY 6). As a "15" coin, the book value in 1958 would be over \$225; now, 11 years later it should exceed	450.00
1437.	1797 S-142, 7 Imbedded in Drapery, very good. VERY RARE (Upper range of R-6). The finest known is very fine-25 but it is off the market in the ANS museum. The other specimens listed in CONDITION CENSUS range from very good to fine. This is probably the condition 8 or 10 coin listed in CONDITION CENSUS. Book value in 1958 was about \$100; now, 11 years later, it should exceed	200.00
1438.	1798 OVER 97, S-152, Wide Overdate, virtually Uncirculated, only barest friction, lovely steel color with faint mingling of brown, nice sharp specimen. Acquired as " SECOND FINEST KNOWN ". According to CONDITION CENSUS , the Second Finest is condition 50 which seems to fit this description. Acquired about 5 years ago at \$475; probably now worth over	750.00
1439.	1798 S-166, Large Date, the famous "Whisker" variety, acquired as " Uncirculated Red & Brown, CONDITION CENSUS ". Close examination with a glass reveals the planchet is slightly porous and just the barest rubbing. Probably the "55" coin in CONDITION CENSUS rather than the 60 coin therein. Acquired about 5 years ago at \$500 and would undoubtedly be worth \$750 today as a "60" coin but since we are inclined to feel it is a shade less it should be worth a little over its cost of	500.00
1440.	1798 S-177, Very good obverse, reverse about good. VERY RARE, (Middle or upper range R-6). With a fine specimen included in Condition Census. This one becomes desirable. Cost \$25 some years ago, probably now worth closer to	50.00
1441.	1798 S-176, Fair. VERY RARE (Mid-range, or possibly upper range of R-5). Cost \$15 some years ago, probably now worth closer to	25.00
1442.	1802 S-232, T over Y in LIBERTY (major variety) UNCIRCULATED WITH ATTRACTIVE LIGHT BROWN COLOR. CONDITION CENSUS! Cost \$500; probably now worth over	600.00
1443.	1802 S-237, Widest Date & Largest Berries of 1802, acquired as " UNCIRCULATED BROWN AND STEEL "; close inspection with a glass reveals slight rubbing on leaf. Probably the " 50 COIN IN CONDITION CENSUS ". Cost	500.00
1444.	1802 S-241, STEMLESS WREATH, DOUBLE FRACTION BAR , near Uncirculated. Acquired as " CONDITION CENSUS " which it probably is. Cost \$400 about three years ago.	
1445.	1802 S-242, 3 Stemless Berries, near Uncirculated, tiny nick. Also acquired as " CONDITION CENSUS ". Since two "40" coins are included in Condition Census, this seems to be a reasonable claim. RARE VARIETY (R-3). Cost	350.00
1446.	1803 S-245, Very Wide Denominator, small date & fraction, extremely fine. The famous UNICORN variety with die break protruding from forehead, RARE (R-4).	200.00
1447.	1803 S-246, Variety with defective feet in TY of LIBERTY and high numerator, fine. RARE (Middle or upper range R-4).	75.00

If You Don't See What You Want In This List
 --- Send In Your Want List ---

1448.	1803 S-249, FRACTION 1/100 OVER 1/000, from a sale of 10 years ago described "LABELLED A PROOF — IT SURE IS A BEAUTY, WHETHER YOU CALL IT UNCIRCULATED WITH PROOF SURFACE, OR WHAT YOU WANT". It does have a lovely blended bluish brown chocolate prooflike patina and color. Under a very powerful glass, the obverse is slightly porous and a minute nick in the field is discernable. The envelope containing this remarkable specimen is marked "1960 \$1,000.00 and 1966 \$2,000.00." Probably refers to either the owner's idea of value or else based on contemporary records.	
1449.	1803 S-258, Small date, Large Fraction, close date, short fraction bar, extremely fine.	100.00
1450.	1803 S-254, Small date, small fraction, wide date, fraction bar too far right, virtually Uncirculated, only barest friction.	250.00
1451.	1803 S-260, Small close date, Large Fraction, virtually Uncirculated, only barest rubbing, lovely blended golden-brown and bluish color. Probably the "50" coin in CONDITION CENSUS! Acquired as "Uncirculated" at	500.00
1452.	S-265, LARGE DATE, LARGE FRACTION , acquired as "EXTRA FINE," it is just about that. Since CONDITION CENSUS included a "30" and 2 "40" coins, it would also be CONDITION CENSUS! Includes envelope marked "1803 D 197 Macallister May 12, 1931 Ex. Rare in this Condition". Cost \$975.00 several years ago. This major "type" coin has always enjoyed unusual popularity (as pointed out by Dr. Sheldon in Penny Whimsy) and is very difficult to obtain better than fine. This remarkably choice specimen is VERY RARE INDEED! It should certainly now exceed	1,000.00
1453.	1804 S-266, Normal or perfect dies, acquired as "Very Fine, nice sharp strike, no serious defects or weakness as in so many of this grade". We agree as to its being a nice appearing and unusually well struck specimen, altho we are inclined to call it "about very fine". A careful check of specimens offered during our thirty-six years as professional numismatists leads to the conclusion that this perfect dies variety is MUCH RARER THAN THE BROKEN OBV. & REV. DIES variety usually encountered. Envelope containing coin marked "1966 \$900.00.". Whether this refers to the price paid, contemporary records or owner's idea of value, we do not know.	
1454.	1805 S-267, Blunt 1, virtually Uncirculated, only barest rubbing. Possibly acquired as "uncirculated" several years ago since it cost \$250; should now correctly described bring its cost of	250.00
1455.	1806 S-270, Virtually Uncirculated, only barest rubbing, pinpoint nick. Very close indeed to Condition Census. A scarce date difficult to find so choice!	450.00
1456.	1807 OVER 6, S-273, Large 7, virtually Uncirculated, only barest rubbing. So choice it was acquired as "Uncirculated CONDITION CENSUS " at \$500.00. We agree as to it being CONDITION CENSUS but a strong glass does reveal the faint rubbing. A lovely specimen now worth its cost of	500.00
1457.	1807 S-276, Normal date, Large Fraction, acquired as "Uncirculated CONDITION CENSUS " at \$400.00 the same time as the above coin. A careful examination with a glass reveals just the barest friction (a shade more than the above coin). Since CONDITION CENSUS includes a "50" coin, it is possible that this could be that coin. We believe its actual present value to be around	350.00
1458.	1808 S-278, 13 Stars, UNUSUAL STRIKE , the bust and right stars as well as date are sharp extremely fine as are corresponding portion of reverse; the left stars and bottom of 1 and the corresponding portion of reverse are not fully struck up ALTHO THE LEFT EDGE OF OBVERSE & REVERSE HAS THE COMPLETE MILLING. The scarcest 1808 die. The present owner valued it for an example of "Blanked Striking" (his term) at	200.00
1459.	1809 S-280, Recut 9 (not over 8) shows clearly, near Uncirculated with only slight friction. ONE OF THE CHOICEST SPECIMENS TO PASS THRU OUR HANDS IN SOME TIME! THE FOURTH SCARCEST DATE LARGE CENT. Easily worth over	1,000.00

CHOICE & RARE LARGE CENTS (Cont.)

1460.	1810 S-283, UNCIRCULATED WITH LOVELY BLENDED RED & BLUE COLOR! ACQUIRED AS SECOND "SECOND FINEST KNOWN"! Sheldon lists the three top specimens known as condition 65, 60, 55. It is difficult for us to decide whether this is the condition 60 or 55 coin listed. Excellent for date, variety or type. Cost \$775 not too long ago, probably now worth closer to	900.00
1461.	1811 OVER 10, S-286, fine. Sheldon states, "very nearly the same rarity as the 1809". Undervalued in catalog at only \$120 as the 1809 catalogs	165.00
1462.	1811 S-287, Normal date, extremely fine in sharpness but has several edge nicks. If not for the minor abrasions, it would probably be a \$500 coin; deducting a grade for these abrasions leaves a catadog value for very fine of	237.50
1463.	1812 S-289, Large Date, near Uncirculated with attractive even chocolate color. Excellent for date or type. Acquired as "CONDITION CENSUS". We note Sheldon included a 45 coin. Cost \$310 over three years ago; probably now worth closer to	400.00
1464.	1813 S-292, Distant star variety, near Uncirculated with attractive blended bluish chocolate color. Close examination with a glass reveals an interesting granular surface. Cost \$375, probably now worth closer to	500.00
1465.	1814 S-295, Plain 4, very close indeed to "Uncirculated Brown" for which acquired, only the barest of detractions from the "Uncirculated" grade.	350.00
1466.	1816 Coronet Type, N-2, advanced state with forehead curl and leaf not struck up, rotated reverse, Uncirculated brown.	100.00
1467.	1817 Close date, 13 stars, near Uncirculated, edge nick.	50.00
1468.	1817 N-16, 15 Stars, near Uncirculated, tiny nick. SCARCE. Cat. unc.	152.50
1469.	1822 Close date, near Uncirculated. Catalogs unc.	165.00
1470.	1822 Wide date, near Uncirculated. Catalogs unc.	155.00
1471.	1823 Normal date, acquired as "UNCIRCULATED BROWN" & "EXCEEDINGLY RARE". It probably is "Uncirculated" in the sense that we doubt if the coin was ever in circulation, however, under a strong glass it does have the faintest suggestion of rubbing. Die state with strong break at stars 5 & 6 and starting to extend to stars 4 & 7. Lovely blended bluish chocolate color, NICE SHARP STRIKE. Acquired as "CONDITION CENSUS" about five years ago at \$1500.00. Should now realize present low catalog of unc. of only	2,000.00
1472.	1827 Near Uncirculated, tiny nick. Catalogs unc.	125.00

\$1 1899 CUT-SHEETS FOUR NOTES

A popular form of collecting some years ago but with the rise in prices, most have been broken up for sale as single notes. Formerly, a cut-sheet was valued as 5 notes but more recently, the few remaining cut-sheets have been valued as 6 notes. We anticipate that this ratio will rise to 7 and more shortly as fewer cut-sheets remain intact. A cut-sheet consists of 4 consecutive notes printed from consecutive plates at the same time and cut apart (A-B-C-D or E-F-G-H or I-J-K-L, etc. but not B-C-D-E, etc.).

\$50 1869 LEGAL TENDER NOTE

1702.	1869 F-151, Bust Henry Clay & Female Holding Statue Mercury, NEAR NEW, CRISP WITH BLUE END CAUSED BY CONCENTRATION OF BLUE FIBERS! A LOVELY "CONDITION-CENSUS" SPECIMEN WITH LARGE EVEN MARGINS! APPEARS "NEW" UNTIL EXAMINED CLOSELY WITH GLASS! UNDOUBTEDLY, AMONG THE TOP CONDITION OF THE FEW KNOWN SPECIMENS! Friedberg states, "THIS NOTE IS EXTREMELY RARE, AS ONLY 24 NOTES ARE REPORTED OUTSTANDING ON U.S. TREASURY BOOKS." Easily worth over \$5,000.00; could exceed owner's valuation of	6,000.00

\$50 LEGAL TENDER NOTES

1703. 1874 F-152, Bust Franklin & Liberty dressed as Columbia, Large red "L" at both sides obverse, small red rayed seal, REVERSED SIGNATURES (SPINNER-ALLISON) instead of ALLISON-SPINNER as listed in Friedberg, very good. Friedberg lists "Allison-Spinner" v.f. at \$950.00; what this specimen is worth is problematical. VERY RARE.
1704. 1880 F-155, The 2 red "L's" removed, Large Brown Seal, PLATE 1, very fine. 400.00

1705. 1880 F-158, Large Plain Rose-Red Seal, nice color and margins, new, crisp, would be SUPERB except for tiny corner crease (visible only on reverse when very closely examined) REVERSED SIGNATURES (HYATT-ROSE-CRANS) instead of ROSECRANS-HYATT as listed in Friedberg. Acquired several years ago as "VERY RARE" at \$1,000.00. It is indeed a VERY RARE TYPE WITH THIS SEAL (we can count on one hand the specimens we have handled with this seal in our thirty-six years as professional numismatists), but in this choice state of preservation we believe it to be EXTREMELY RARE! Well worth over 1,250.00

1706. 1880 F-160, Large SPIKED Orange-Red Seal, fine. RARE. Catalogs too low in v.f. at only 350.00

\$100 LEGAL TENDER NOTES — INCLUDES 1863 NEW

A rarity in any condition, it is EXCESSIVELY RARE SO CHOICE! A note accompanying it has "5/68 \$6,000.00"; whether this refers to its cost, owner's idea of value, some contemporary record, or something else, we do not know. We do know that any "catalog" price of a new specimen must be theoretical due to its great rarity.

1708. 1875 F-169, Bust Lincoln & Allegory representing Architecture, Small Red Rayed Seal, top central floral design in red, SERIES A, extremely fine. VERY RARE. Seldom offered! 1,400.00

In fact, Friedberg does not price it in better than fine due to its great rarity in choice condition. CERTAINLY "CONDITION CENSUS"! Easily worth over \$5,000; perhaps over 6,000.00

\$10 1879 REFUNDING NOTE

1711. \$10 F-214, 1879 Refunding note with redemption value of \$21.30. New, crisp condition but has tiny nick in corner of white margin; obverse has been exposed to sunlight for a time resulting in the red overprint being changed to pale red. CALIFORNIA SMALL GOLD $\frac{1}{4}$, $\frac{1}{2}$, \$1 (GENUINE)

Interesting and historical. A type set of GENUINE pieces can still be acquired at a "reasonable" price compared to the larger \$5, \$10, \$20, \$25, \$50 pieces. The increasing interest in this series warrants a more detailed listing in the Guidebook, at least by types. It is our understanding that a new definitive book replacing Lee (early 1930's) and Burnie (1955) is in preparation. Judging from what has happened to other series when a new definitive book is issued, this series will not remain at their present nominal values much longer.

1781.	\$1 OCTAGON, 1853 Large Liberty Head, 8 stars, CALIFORNIA GOLD, 1 DOLLAR 1853, resembles B-6 EXCEPT "DEII" instead of "DERI", very fine. NOT IN BURNIE!	250.00
